

"STOP CHRYSLER AND THE GOVERNMENT FROM TERMINATING DEALERS"

Please stop the unlawful and immoral termination of Chrysler dealerships across the country.

Chrysler has taken taxpayer-funded bailout money from our government and used it to put at least 40,000 hard working Americans out of work. Many of whom will lose their homes and life savings as a result.

These actions are no fault of the dealers, who are, in many cases, family-run businesses that have been loyal partners with Chrysler – through good times and bad – for multiple generations.

Chrysler wants less competition among dealers in order to drive up prices to the consumers. Yet not only will consumers pay higher prices in the future as a result of this immoral action, the consumer will also be greatly inconvenienced when purchasing and servicing their vehicles

The assault on the middle class must be stopped.

Dealers are Chrysler's customers; they buy the cars and parts and even the signs in front of their dealerships. Chrysler took \$5 billion tax dollars from the Government, but refuses to buy back the parts and vehicle inventories from the terminated dealers leaving them holding millions in worthless vehicles and parts.

Make Chrysler buy back these inventories and pay for the terminated franchises of the dealers.

Hiding behind bankruptcy laws in order to destroy lives and void franchise contracts may be legal, but it is immoral and un-American.

Please stop this madness and prevent Chrysler and our Government from putting profits before people.

We have sent 13,703 letters to Congress so far. Please join us!
