

## "Keep the NSF Political Science Program"

Dear Senator,

I am writing to implore you to block the Coburn Amendment 2631 to H.R. 2847, which will eliminate the National Science Foundation's program for political science research. As your constituent, I find this proposal completely without cause, and against the spirit of the NSF.

The NSF political science program provides essential funding for cutting edge social science research, and has provided numerous opportunities for universities, faculty and students. Without this funding many current research programs would cease, and would account for countless lost opportunities.

Again, please do all you can to block the Coburn Amendment 2631 to H.R. 2847.
